Agl. for "Singer's Standard Machines."

DEAR SIR: We have used and witnessed the use of SINGbruggists, at 25c., 63c., and \$1 per box or pot.

ER'S STANDARD MACHINES for nearly a year, and use them and see them in use daily; and we do not hesitate to say, they are the best Sewing Machine invented. They do not get out of order, and will do the work, and do it well, of the Tailor, the Family and the Plantation. These Machines have no LEATHER BELTING, and consequently MORE POWER than other Machines.

They RUN MUCH EASIER. We have taken pains to understand the relative merits of the numerous Machines offered for sale in this and other markets, and we unhesitatingly pronounce SINGER'S SU-PERIOR TO ALL. J. HILZINGER, JNO. DYER, FRANCIS CHERRY.

HICKORY GROVE, St. Charles Co., Mo., Nov. 19, 1857. Prof. O. J. Wood-Dear Sir: Some time last summer its effects were so wonderful, we feel it our duty to you and cording to quality.

Our little son's head for some time had been perfectly covered with sores, and some called it scald head. The hair almost entirely came off in consequence, when a friend, seeing his sufferings, advised us to use your Restorative, we did so with little hope of success, but to our surprise, and that of all our friends, a very few applications removed the disease entirely, and a new and luxuriant crop of hair soon started out, and we can now say that our boy has as healthy a scalp, and as luxuriant a crop of hair as any other child. We can, therefore, and do hereby, recommend your Restorative, as a perfect remedy for all diseases of the scalp and hair. We are yours respectfully,

GEO. W. HIGGINBOTHAM,

SARAH A. HIGGINBOTEAM. PROF. WOOD-Dear Sir: My hair had, for several years, been becoming prematurely gray, accompanied by a harshness which rendered the constant application of oil necessary in dressing it. When I commenced using your Hair Restorative about two months ago it was in that condition and having continued its use till within the last three weeks, it has turned to its natural color, and assumed a softness and lustre greatly to be preferred to those produced by the application of oils or any other preparation I have ever used. I regard it as an indespensable article for every lady's toilet, whether to be used as a Hair Restorative or for the simple purpose of dressing or beautifying the hair. You have permission to refer to me all who entertain any doubt of its performing all that is claimed for it. MRS. C. SYMONDS.

REVIEW OF THE WILMINGTON MARKET, FOR THE WEEK ENDING APRIL 4TH, 1860.

TURPENTINE .- Since our review of Wednesday last the who are afflicted as I have been, would induce me to g ve market has been in an unsettled condition, owing to the ad-Yours respectfully,

A. R. Jacob BS.

The Restorative is put up in bottles of three sizes, viz: large, medium, and small; the small holds \(\frac{1}{2} \) a pint, and relative in the size is a moderate demand.

transactions have been limited. We quote only one or two small lots as having sold at \$6 75 per bbl. for superfine; this figure, however, is rather above the mark, and a large

parcel would hardly sell over \$6 621, at which we quote the

market firm.

GUANO-Is in fair demand, and the supply in dealers' hands is fully adequate for present purposes. We continue former rates, at which sales have taken place from store during the week: Peruvian \$60, Reese's Manipulated \$52, American 40, and Sombrero \$35; Superphosphate of Lime \$50, and Land Plaster \$10, in lots of one ton and upwards. GRAIN.-For Conn the market has ruled rather quiet since our last, though we have no material change to report in prices. The arrivals for the week comprise only about 6,894 bushels, of which 3,079 do. (from Baltimore) sold at 80, 82½ a 84½ cents per bushel—closing at lowest prices; the balance has gone into store. There is a fair stock of former arrivals on market, and the demand appears to have become somewhat checked, dealers showing no disposition to account for the comprise only about showing no disposition to operate further at present. We quote the market quiet at 80 a 821 cents, as in quality. The parcels unsold at the time of closing our last review, were disposed of as follows: 2,770 bushels at 821 cents for Hertford, and 2,176 do. at 80 cents for Hyde county. - OATS. -Nothing has been done since our last except in the retail way, and the market rules quiet. Two or three parcels (about 1,000 bushels) have been received by dealers, which have gone into store.——Peas—Of all kinds continue to be brought in sparingly, and there is a very light stock at present on market. We notice a fair enquiry for Cow, but in the absence of receipts no sales have taken place; would Brig An sell readily at 85 to 90 cents per bushel, according to quantity and quality. RICE. In clean we have no change to note in price; there is a moderate stock in store, and we quote small sales at 4 cents in casks, and 44 cents per 1b. in bbls. In the rough article we hear of sales during the

week of only 1200 bushels at \$1 per bushel. HAY-The recent arrivals have somewhat replenished the market, and in consequence it has not been so brisk during the week just ended: the stock in dealers' hands, however, is only moderate, and fair quality sells readily on arrival .-The receipts comprise 176 bales Eastern, and 352 do. Northern, the former of which sold at \$1 20, and the latter at \$1 10 per 100 lbs., 90 days. LIME-There is only a retail demand for this article, and

we notice a moderate stock of former receipts remaining in dealers' hands. We quote sales from siore at \$1 to \$1 10 for common lump, and \$1 35 a \$1 40 per cask for white, as Burkhimer; with fruit. in quantity. A lot of 900 casks was received on Monday by a dealer, which has gone into store. MOLASSES-For Cuba there continues to be a fair demand, and the market rules firm at former quotations. We notice the arrival from Cuba since our last of three cargoes, comprising 921 hhds., 46 tcs. and 21 bbls., which, together with former receipts, is selling readily from wharf at 30 a

23 cents in bbls., 29 a 31 cents in tierces, and 27 a 29 cents per gallon in hhds., as in quantity. The lot of 300 bbls. New Orleans, reported in our last as received, has gone into store, and is selling at 51 a 54 cents, as in quantity. PEA NUTS-Continue to be in moderate enquiry, and none of consequence coming to market. We quote at \$1 30 to \$1 55 per bushel, according to quality. POTATOES-The market is moderately supplied with Irish, and there is scarcely anything doing. We quote from store at \$2 50 to \$2 75 per bbl., in lots to suit. A few lots of Sweet have been brought in and sold at 80 cents per bushel.

lb. for hams. The receipts of Western cured have been moderate, and there is a better supply on market; there is, R. however, only a light demand, and the sales have been in the small way from store at 9 to 91 cents for shoulders, and | Murray & Co. 11 to 111 cents per lb. for sides, as in quality. LARD-There is nothing of importance doing in either N. C. or Western make, and the market is moderately supplied. We refer to our table for prices.——PORK—Northern is in fair stock, and we notice merely a retail business doing at quotations in table. SALT-In the absence of receipts we have no transactions

to report in either description. The market is fairly supplied with Liverpool ground, and rules dull, as there is only a retail demand existing. We quote store price at 85 to 95 413 do. rosin, 2 do. rosin oil, 202 bales cotton, 613 bush. pea cents per sack. SUGAR-Of the cargo of Porto Rico reported in our last as received, we notice sales from store at prices ranging from

81 to 81 cents per lb. SHINGLES-The market rules unusually dull for both Common and Contract, and sales are difficult to effect at anything like a fair price. Quotations in table are merely nominal. TIMBER-Has continued to arrive quite freely since our last, still we notice a fair demand from millers, and good quality finds ready sale. The transactions for the week comprise 35 rafts at prices ranging from \$5 to \$10 50 per M. See table for classified figures. FREIGHTS-The market has ruled quiet during the week, and rates to Philadelphia and Boston have declined a shade

are plenty of vessels in port, but the largest portion have already been taken up. See table for prices. COMPARATIVE TABLE OF EXPORTS
